ECO HYDRO CLEAN

Solvent-free uPVC Cleaner & Restorer

ECO RANGE

Description:

A totally solvent-free cleaner that removes ingrained dirt and stains from PVC profiles.

Benefits:

- ◆ Solvent-free water based formulation.
- ◆ Low hazard.
- ◆ Non flammable.

Uses

A water based formulation for use on both white and plastic veneered PVCu frames, claddings and trims for removing ingrained dirt and stains.

Application

Apply Bond It **ECO HYDRO CLEAN** to a soft absorbent cloth and rub onto the surface. For very soiled, ingrained or stubborn deposits, a further application may be required. Note: as all surfaces differ; it is recommended that this product is tested on a small inconspicuous area to determine suitability before use. It is the users' responsibility to determine suitability.

Container Size

1L plastic bottle.

Colour

Clear liquid.

Shelf Life

24 months when stored in unopened original containers.

Storage Conditions

Non Flammable. Store upright in cool conditions between 5 and 30°C. Protect from Frost.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

Specification Summary

Appearance	Hazy liquid
Odour	Citrus
Flammability	Non-flammable
Minimum Application Temp.	+4°C

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position.

Recommendations for use do not constitute a warranty, either expressed or implied, of the fitness or suitability of the products for a particular purpose.
