

MOULD STOP

Powerful Mould, Mildew & Organic Growth Removing Agent

BUILDERS COMPLETE RANGE

HSE NO
9828

Description:

A premium grade, powerful cleaning agent formulated to remove mould, mildew and lichen, etc.

Benefits:

- ◆ Removes and eradicates organic growth.
- ◆ Suitable for use on wood, concrete, plastic, stone and tarmac.
- ◆ Easy to use - just apply and leave to dry.
- ◆ Contains no bleach or acids.
- ◆ No scrubbing or pressure washing required.
- ◆ Internal and external application.

Uses

Removes all types of active mildew, lichens, organic green growth, algae, etc. from brick, stone, roof tiles, corrugated iron, lead, built up felt, concrete, wood, tarmacadam, painted surfaces, decking, garden furniture, paviours, plastic and glass. Ideal for use at home, in the garden, for caravans and boats, public walk areas, in farm yards, kennels and stables. Can also be used on fabric awnings (check for colour fastness first). Can be applied internally and externally.

Application

Ideally use when rain is not imminent. Use only in well ventilated areas. Ensure the surface to be treated is free from loose material, dirt and grease. Use product neat, no need for dilution. Apply using either a spray, soft broom, paint brush or watering can. Apply evenly to the surface to be treated. Ensure the liquid thoroughly coats cracks and crevices. Leave for a few days to dry to allow product to reach full strength. Kills mould and algae within 2-3 days of application and prevents re-growth for many months. Stubborn growth areas may require further application. Any residue should weather away over a period of time. Note: as all surfaces differ, it is recommended that this product is tested on a small inconspicuous area to determine suitability before use. It is the users' responsibility to determine suitability.

Limitations

This product will scorch foliage where it makes contact, however, small amounts of run-off should not harm roots. Take care near fish ponds; a few drops entering water will not harm fish/pond life but try to avoid this happening. Plastic implements are recommended for application. Rinse after use and clean metal parts thoroughly to avoid corrosion as this product may attack

marble and some metals. Do not throw rinsing water onto plants/grass. If the surface is to be treated with any other product then the surface should be swept with a stiff brush to remove dried material, washed and left to dry out prior to application.

Coverage

15m² per litre depending on porosity of substrate.

Cleaning of Tools

Rinse equipment after use with plenty of clean water. Note: Do not throw rinsing water onto plants/ grass.

Storage Conditions

Store in cool, dry conditions in a sealed container, away from food, animals and children. Protect from frost, high temperatures and direct sunlight.

Shelf Life

2 years from date of manufacture when stored in unopened bottles.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

**STATUTORY CONDITIONS OF APPROVAL RELATING TO USE.
FOR USE ONLY AS A SURFACE BIOCIDES.**

Application rate: 1 litre of product will treat 15m².
Irritating to eyes and skin. Very Toxic to Aquatic Organisms. Users

must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval. READ ALL PRECAUTIONS BEFORE USE. **HSE NO: 9828**

DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. This material and its containers must be disposed of in a safe way. Wear suitable protective gloves. Wear eye/face protection. Avoid contact with skin. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Do not breathe vapour/spray. Only use in well ventilated areas. In case of insufficient ventilation wear suitable respiratory equipment. Do not empty into drains. Do not contaminate ground, waterbodies or watercourses with chemicals or used container. REMOVE OR COVER ALL FISH TANKS AND BOWLS before application. KEEP AWAY FROM ALL TREATED SURFACES

UNTIL DRY. WASH HANDS AND EXPOSED SKIN before meals and after use. KEEP IN A SAFE PLACE. Keep out of reach of children. If swallowed, seek medical advice immediately and show this container.

Professional use: The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work. Avoid excessive contamination of coveralls. In case of insufficient ventilation wear suitable respiratory equipment. Guidance on suitable respiratory protective equipment and eye protection is provided in HSE Booklet HS(G)53: "The Selection, Use and Maintenance of Respiratory Protective Equipment – A Practical Guide". To avoid risk to man and the environment, comply with the instructions for use.

Benzalkonium Chloride 3.25% w/w.

Specification Summary

Colour	Clear liquid
Flammability	Non flammable
Composition	Waterbased
UFI	CM10-GOT4-N002-YPEK
