MULTI-PURPOSE POWDER FILLER

Fine Powder Crack Filler for Internal Repairs in Plaster, Stone, Brick & Wood

DECORATORS RANGE

Description:

A specially formulated fine powder filler for repairing internal plaster, plasterboard, wood, brick, stone and most other common building materials.

Benefits:

- ♦ Fills cracks and holes.
- ♦ Crack and shrink resistant.
- ♦ Excellent grip properties.
- ♦ Overpaintable.
- ♦ Can be drilled, screwed and nailed once dry
- ♦ Extra smooth finish.
- ♦ For interior use.

Uses

Bond It **MULTI-PURPOSE POWDER FILLER** is perfect for preparing surfaces prior to painting and wallpapering as it provides a smooth surface once dried. Non shrinking making it ideal for filling cracks and holes in walls, ceilings and around door frames or skirting boards. Has excellent adhesion properties which stops the filler from slumping. Can be sanded once dry to give a smooth surface area which will hold nails and screws once fully cured. Suitable for interior use only.

Preparation

MULTI-PURPOSE POWDER FILLER is easy to mix and apply. For best results brush out any loose material and dust from the area to be filled or repaired. Hairline cracks should be slightly enlarged to provide adequate depth for filler penetration. Moisten absorbent surfaces with water. Touch in nail and screw heads with an oil-based paint to prevent rusting.

Mixing

Only mix enough filler that can be used within a 40 minute period. Add approximately 2.5 parts filler to 1 part cold clean water and mix to a stiff paste in a clean mixing container. For deep cracks or holes the mix can be thickened.

Application

Apply the mixed filler using a trowel or filling knife and press firmly into the cavity. Smooth off slightly proud of the surface and allow to dry thoroughly. Rub down with sandpaper to achieve a smooth finish. The filler will dry to a white finish and can be overpainted or papered without priming.

Drying Times

Dependant on ambient temperature, substrate and thickness of fill.

Container Size

Available in 450g and 1.5Kg cardboard boxes.

Colour

White powder.

Shelf Life

Indefinite if kept dry.

Storage Conditions

Store in cool, dry conditions. Protect from frost.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any packs and bags to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

Specification Summary

Appearance	Fine white powder
Odour	Plaster of Paris type
Flash Point	Not applicable
VOC Content	None
pH (Test method: 280g powder: 120g water)	6.5-7.8

Product Details:

Code:	BDPF4	BDPF1
Size:	450g	1.5Kg
Colour:	White	White
Barcode:	5056437400635	5056437400642
