

Never compromise on quality!

# LEAK DETECTOR

## Aerosol Solution For Detecting Leaks

PLUMBERS COMPLETE RANGE

### Description:

*A water based formulation, developed without the use of harmful solvents, silicones or oils, to allow the safe and easy detection of all gas and air leaks.*

### Benefits:

- ◆ *Detects potentially costly leaks, even under low pressure.*
- ◆ *Non-flammable, odourless.*
- ◆ *Non-corrosive, non-staining.*

### Uses

Highlights all leaks even under low pressure. Contains a rust inhibitor making it suitable for use on steel, aluminium, copper and plastics. Suitable for use in the gas, plumbing, heating, automotive, engineering and welding industries. Ideal for maintenance and safety checks on pipework, joints, valves, air lines, cylinders, exhaust, compressors, welding seams, inflatable equipment. It is also suitable for locating leaks in commercial vehicle air brake systems, pressure vessels and for pressure testing other equipment. Can be used for almost all types of gases.

### Application

Shake can well before use. Spray evenly over area to be tested. Bubbles will appear at the leak location.

**DO NOT ADD TO PRIMATIC SYSTEM.**

**Note:** LEAK DETECTOR is not suitable for use with phosphorous compound gases, or on medical gases where ingress into the gas way may occur. It is not suitable in oxygen-rich environment.

### Container Size

400ml aerosol tin.

### Shelf Life

24 months from date of manufacture when stored in original, sealed containers.

### Storage Conditions

Store in cool, dry conditions in tightly sealed container. Store above +5°C and below +30°C. Keep away from direct heat and naked flames. Do not allow to freeze.

### Disposal of Containers

CAUTION: Pressurised container: may burst if heated. Do not

pierce or burn, even after use. Protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn even after use. Do not spray on a naked flame or any incandescent material. Causes serious eye irritation. Do not breathe vapour or spray. Use in well ventilated area. Keep out of reach of children. Dispose of contents/container in accordance with local regulations.

### Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

**Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.**

## Specification Summary

Flashpoint	Non-flammable
Appearance	Aerosol
Auto Ignition Temperature	>450°C
Flammability Limit	N/a
